The Canadian Council of Motor Transport Administrators (CCMTA) coordinates all matters dealing with the administration, regulation and control of motor vehicle transportation and highway safety. Membership includes representation from provincial and territorial governments as well as the federal government of Canada. CCMTA supports its members' vision to have the safest and most efficient movement of people and goods by road in the world. It is the custodian of the National Safety Code and provides collaborative leadership in the areas of road safety research and policy, drivers and vehicles, and compliance and regulatory affairs. *Road Safety Strategy (RSS) 2025, Toward Zero - the safest roads in the world*, is a priority for CCMTA and its members. The organization's flagship event – the CCMTA Annual Meeting – represents the largest gathering of road safety administrators in Canada. The 2018 Annual Meeting will take place June 3-6 in Quebec City.
