SUMMARY OF ISSUE

Out of Service - Part III - 6. Non Bulk Packaging does not use Canadian terminology, which causes issues for roadside inspectors/officers.

JUSTIFICATION OR NEED

To help improve uniform application of the out of service condition and avoid any inappropriate conclusions. In Canada TDG Regulations do not reference non bulk packages, it only references and defines the term "small means of containment".

REQUEST FOR ACTION

To amend the title of Part III - 6 Non-Bulk Packaging to include small means of Containment as follows:

6. NON-BULK PACKAGING/SMALL MEANS OF CONTAINMENT

ACTION TAKEN BY COMMITTEE

The committee agreed to amend the title as suggested:

6. NON-BULK PACKAGING/SMALL MEANS OF CONTAINMENT

a. Package Integrity

HM/DG leaking in or from a package.
