ADS motor carriers and plans for Emergency Roadside Assistance/enhanced inspections during trips.

JUSTIFICATION OR NEED

Attended TMC - See a need for ADS roadside repair and maintenance (enhanced inspections)
Can FYX contribute ideas based on our experience?
Could present for five minutes on how Level 3 Emergency Roadside Assistance is delivered today.
Does the enforcement industry modernization committee within CVSA already have best practices identified?

Would like to be involved in discussion.

REQUEST FOR ACTION

Please allow time in the next meeting for this discussion and the potential to have FYX present to the enforcement industry modernization committee and any other contacts related to ADS and Emergency Roadside Assistance so we can contribute our expertise to keep the industry safe.
