EMAILbmccracken@azdps.gov**SUMMARY OF ISSUE**

I would like to request the "7 FMCSA OOS Types" chart be added to the OOSC. This would help to show if a company has a federal OOS, if it applies to Intrastate as well as Interstate commerce.

JUSTIFICATION OR NEED

There have been a few issues where an intrastate carrier was placed OOS when that OOS Type only applied to interstate. I believe that if this table was added, it would minimize confusion and wrongful OOS's.

REQUEST FOR ACTION

I would request the "7 FMCSA OOS Types" chart be added below the Federal OOS Order chart in Part IV, page 77. See attached for my proposed version.

ACTION TAKEN BY COMMITTEE

Some states already have rule adoption language in place that make Federal OOS applicable to interstate and intrastate carriers. Adding this additional language/chart could cause confusion and issues with individual states.
